

Dear Lenny:

Thank you very much for helping us in the planning of our son Avi's bar mitzvah. You came highly recommended from a few of our friends who used you for their simchas. From day one when we met you your organization and professionalism were a constant. Your choice for us of Ramat Rachel for our venue to house everyone and the shabbos activities in addition to the bar mitzvah room by the kotel made our son's bar mitzvah a special event. The go carting evening tochnit was not only enjoyed by the kids but also by the adults. All our guests were impressed by not only the great food at all events but also how we were not kept waiting and the schedule was being followed. Your photographer and videographer did a tremendous job in recording the event on print and still photo medium. The videographer did a commendable job integrating the hanachat tefillin when we picked up my son's tefillin from Oter Yisrael. The scene of the sofer explaining about the tefillin and then sewing in the parshiot after I placed the parshas in the bayit were very memorable experiences. Again than you and Temirah and wish you all the best.
Sincerely Benny and Temirah Rosenberg
